SUMMARY

Motivated undergraduate specializing in Information Systems Engineering at SLIIT, with strong interest in Business Analysis, Requirement Engineering, Project Coordination, and IT Consulting. Passionate about the non-coding phases of the Software Engineering Lifecycle, including requirements gathering, stakeholder communication, system analysis, documentation, and project support. Eager to solve real-world business problems through structured analysis and technology-enabled solutions.

EDUCATION

Sri Lanka Institute of Information Technology (SLIIT)	2024- Present
- BSc (Hons) in Information Technology - Specialization: Information Systems Engineering	
Rajarata University of Sri Lanka	2024 (Discontinued)
BSc (Hons) in Applied Sciences	
Al Ashraq M.V, Kurunegala	
- G.C.E. Advance Level (Biological Science Stream) - G.C.E. Ordinary Level	
	2019 - 2022 2008 - 2018

ACADEMIC PROJECTS

Disaster Relief Resource Management and Tracking System

- currently working on (Mern Stack project)

Research Expert Pooling and Management System

- Designed a system to manage and pool research experts based on specialization and availability
- Analyzed stakeholder requirements and translated them into system features.
- Focused on data organization, search functionality, and role-based access

Restaurant Network Infrastructure Proposal – DINE CAFÉ

- Proposed a secure and scalable network infrastructure for a restaurant chain
- Designed network topology, hardware requirements, and security controls
- Addressed performance, reliability, and future scalability requirements.

Pharmacy Management System

- Developed a desktop-based pharmacy management system using OOP principles
- Implemented core modules such as medicine management, customer handling, and inventory control.

Book Shop Web Application (Web Application)

EXPERIENCE

PowerSoft Company

- Intern - Software Engineer

2025 July - 2025 August

Private Tutor

- English and English Literature

2022 -2025

CORE SKILLS & TECHNICAL AWARENESS

ITools & Platforms:

- MS Office package
- Visual Studio Code, Eclipse IDE
- GitHub (Version control)
- MySQL Workbench, XAMPP
- PowerBI (Basic)
- Figma (UI/UX wirframes)
- Draw.io (System diagrams)
- Cisco Packet Tracer (Network simulation)

Programming & Technical Knowladge :

- HTML, CSS, Javascript, PHP
- JAVA, C, C++
- React.js, Node.js, Express.js, MongoDB (MernStack)
- Databases & CRUD-based Systems
- Web Application Architecture (high-level understanding)

Soft Skills:

- Clear written and verbal communication
- Client and stakeholder interaction
- Team collaboration and coordination
- Analytical and critical thinking
- Time management and responsibility
- Willingness to learn and adapt
- Typing proficiency in Tamil and English

LANGUAGES

Tamil – Native

English – Proficient

Sinhala – Proficient
